Visit from RACQ Foundation Representatives

Council received a visit from representatives of the RACQ Foundation, including the General Manager of Operations and the Chairperson.

The purpose of the visit was to provide an update on the progress of several key community projects currently being delivered in partnership with the RACQ Foundation, including:

- The Men's Shed Market Garden start-up and setup
- Garden beautification at the Women's Elders Hub
- The clean-up and mural installation at Bishop Malcolm Park

The visit also served to acknowledge the positive momentum and inspiration sparked among the leaders of these various community initiatives. Their enthusiasm and commitment have grown significantly as a result of this support, with many expressing renewed motivation to continue developing and expanding their efforts.

The visit highlighted not only the tangible progress made, but also the strength of the partnership between Council and the RACQ Foundation — a collaboration that is fostering pride, connection, and real opportunity within the Yarrabah community.

Visit from Newly Appointed Officer in Charge – Yarrabah Police

Council also welcomed a visit from the newly appointed Officer in Charge of the Yarrabah Police Station, who introduced himself to the Mayor, Councillors.

The introductory visit was an opportunity to begin building a positive working relationship between Council and local police leadership. The Officer in Charge expressed his commitment to collaborative community engagement, community safety, and maintaining open communication with Council.

Council looks forward to working closely with him and the broader local QPS team to support proactive, community-led safety initiatives and strengthen local partnerships.

Council's Operating result is a loss of \$244K as at 31 July 2025, better than budget by \$478K.

Recurrent income is over budget by \$207K. Grants & subsidies are over budget by \$73K .

Recurrent expenditure is \$270K under budget. Finance costs are under budget by \$41K as a result of the budgeted provision for Bad Debts not yet being taken up. Employee costs and Materials and Services are under budget by 106K and 108K respectively. It needs to be noted that the savings in wages is because the budgeted wage case increase does not occur until the State Wage case is decided usually by September every year.

Housing Planned Maintenance net profit is \$169k for the month which continues the strong trend over the last 18 months of operations.

Monthly Overview

- During the past 2 months our focus has been to respond to our compliance return as requested by the Department of Housing - Regulatory Services.
- Client/tenant visits were still conducted to discuss rental accounts, and we are still undertaking our annual review with limited response from community.

2. EARLY LEARNING CENTRE (DAYCARE)

1. July has been quite busy, with two existing enrolments returning to care five days a week and three new enrolments. This means all rooms are becoming busier and are now almost at full capacity, with 38 of the 42 places filled.
2. We submitted the Community Childcare Fund Restricted Program (CCFR) Budget Planner in this period. We are also preparing for professional development on 8 August, where all staff will receive training on how to better support children with special needs, delivered through Inclusion Support Children.
3. NAIDOC Week was a fun and busy time at the Centre. While the Indigenous dancers and the art stamping T-shirt project with the Museum staff could not go ahead due to scheduling conflicts, we still had a great week. We ended on a high note by hosting our first-ever disco, which was a huge success, with six families attending and all staff joining in.

4. Pyjama Day was another highlight, sparking community conversation about how “cool” it was for us to participate. We raised \$80.00, with around 10–12 children and all educators taking part.

5. We have received very positive parent feedback about the children’s learning progress, the new programming and planning being implemented, and how they can see that learning reflected in the rooms. Parents are also enthusiastic about the events we have been participating in and the upcoming activities, including Jeans for Genes Day.

6. We are also organising a visit from the Junior Rangers from the Gunggandji-Mandingalbay Yidinji, who will share their work and projects to teach our children about caring for the environment, in recognition of Keep Australia Beautiful Week.

The IKC continues to provide a safe, welcoming space for community members to relax, read, access technology, and connect.

This period we celebrated NAIDOC Week. A week full of engaging and meaningful activities designed to help children learn about and appreciate Aboriginal and Torres Strait Islander culture, histories, and contributions. Each day featured a hands-on activity that fostered creativity, cultural understanding, and connection.

Boomerang Making & Indigenous Colouring-In

We began the week with traditional boomerang making. The children decorated their boomerangs

using vibrant patterns inspired by Aboriginal art. Alongside this, they participated in Indigenous-themed colouring-in activities, which encouraged mindfulness and introduced traditional symbols and stories.

Plaiting Headbands and Bracelets

Children explored traditional weaving techniques by plaiting headbands and bracelets. This activity supported fine motor skills while highlighting the significance of adornment and weaving in Indigenous culture

Arts & Crafts and Flag Making

This activity was dedicated to a broader exploration of Aboriginal and Torres Strait Islander identity through arts and crafts. A key focus was creating the Aboriginal and Torres Strait Islander flags. Children learned about the meaning behind the colours and symbols as they crafted their own flags to display proudly.

Movie Day

As a part of the week, we hosted a movie day featuring age-appropriate Indigenous stories and content. This was an engaging way for the children to listen to and learn from Aboriginal and Torres Strait Islander voices, deepening their understanding of culture through storytelling.

Community NAIDOC in the Park

The community came together to celebrate NAIDOC Day at Bishop Malcolm Park. The event featured a vibrant parade with floats, including the NAIDOC Prince and Princess proudly riding on one of them. Cultural dances were performed, passed down through generations from our ancestors, and shared with our people as a powerful expression of identity and tradition.

The celebrations ended with a traditional kup-murri cooked in an underground earth oven bringing people together over delicious, culturally significant food.

4. YARRABAH ARTS AND CULTURAL PRECINCT

The Yarrabah Arts and Cultural Precinct (YACP) continues to serve as a vital hub for cultural preservation and community engagement, showcasing and celebrating the artistic heritage of Yarrabah.

Patronage and Sales

Since 1 July 2025, Yarrabah Arts & Cultural Precinct has welcomed 312 visitors and generated \$17,050.00 in sales

Number of patrons	Month to Date	Year to Date
-------------------	---------------	--------------

23. Upcoming Events, Projects, and Art Awards

24. Yarrabah Emergency Services Art Brief – Request for Artwork

We were successful with three artist applications for the Yarrabah Emergency Services Art Brief. Each artist has been awarded a prize of \$1,000.

25. Bailey Crystalbrook

We have been invited to hold an exhibition at Bailey Crystalbrook as part of their art program. The exhibition has been confirmed for October/November.

26. Community Engagement and Sales

We continue to restock Yarrabah artists' works in the Cairns Art Gallery Shop and NorthSite Arts, which has been successful in generating sales. We have also connected with Ancient Journeys, based on the Cairns Esplanade, who have invited YACP to showcase works in their shop/gallery.

27. Cairns Indigenous Art Fair (CIAF)

We attended CIAF, held from 11–13 July 2025 at the Cairns Tanks Centre. Staff worked from Thursday to Sunday, and we received positive feedback on the artworks created. A total of \$13,700 in sales was made. Images of our CIAF exhibition are included below.

Darwin Aboriginal Art Fair (DAAF)

We are preparing for the DAAF markets and *Country to Couture* on 5–10 August. Our trainee, Zikiah Murgha-Miller, was successful in her modelling application and will model one of Yarrabah's designs at *Country to Couture*. All artworks need to be transported to Darwin before the 5 August bump-in. All artworks have been completed, photographed, and placed on the SAM database.

DAAF has also requested all Art Centres complete monthly modules; we have finalised the April and June modules along with the online Safety Induction.

Gindaja – NAIDOC Activity

We participated in the Gindaja NAIDOC celebration by facilitating shirt printing. Gindaja provided the shirts. The activity ran for three hours, and the artist will be paid an artist fee.

Junior Rangers – Mandingalbay Yidinji-Gunggandji Rangers / Yarrabah High School

We held a textile workshop for the Mandingalbay Yidinji-Gunggandji Rangers and Yarrabah High School students as part of their Junior Rangers Program. Approximately 18 students attended. Activities included screen printing on shirts and a guided walk through the Museum. An artist also spoke about their stories and how they related to the students' current unit of study.

RACQ Foundation – Community Week

YACP hosted the RACQ Foundation team during their program delivery for the week. RACQ used the kiosk for the Welcome to Country, daily lunches, and a community BBQ.

Mandingalbay Yidinji-Gunggandji Rangers and Gunggandji Land and Sea Rangers – NAIDOC Evening Event

YACP hosted the combined Ranger Groups for their NAIDOC Evening Event. Approximately 200 people attended.

5. COMMUNITY EVENTS AND PROGRAMS

28. Community Engagement and Events

Throughout July, the Community Services Officer (CSO) assisted in organising and supporting various community events and initiatives. Key activities included:

Yarrabah Music Festival

The CSO met with representatives from Darrell Enoch to discuss planning for the upcoming Yarrabah Music Festival, scheduled to take place on 30th August 2025.

29. Choppy's Boxing Club

Choppy's Boxing Club hosted their tournament on 12th July at the Yarrabah Community Hall, delivering a fantastic and successful night of competition. Most of the local boxers came away with wins, showcasing the talent and dedication within our community.

The club has already set the date for their next tournament — 25th October 2025 — promising another exciting evening for local sports fans.

A special congratulations to Kyden Mossman, who secured his first junior bout victory for the club.

Victim Assist Meetings

The CSO continued active participation in Victim Assist meetings, working collaboratively with local stakeholders. The date for the next meeting is yet to be confirmed.

Foundation Day

Foundation Day was held on 4th July at Jilara Oval from 9:00 am to 4:00 pm and was a great success, with a fantastic community turnout. The day was filled with fun especially for the children who enjoyed a wide range of races — from the youngest participant's right through to our "Granny & Popeye" races, which had everyone cheering.

Wugu Nyambil added a sweet touch to the day with their ice-cream van and connected with community members to encourage sign-ups for the Parenting Pathway Program for families with children under six, a great outcome for community engagement.

Mutkin created a comfortable and welcoming area especially for elders to relax and enjoy the festivities.

The Seahawks played a big role in keeping everyone fed, assisting with cooking lunch and running the kiosk throughout the day.

30. Yarrabah NAIDOC 2025

The Yarrabah NAIDOC Celebrations were a great success, filled with vibrant music, a variety of stalls, and a strong sense of community pride. Local performers and guest artists entertained the crowd throughout the day, while community and market stalls offered lovely food, handmade goods, and information about local services. It was a pleasant occasion that brought people together to celebrate culture, history, and community spirit.

31. RACQ Foundation

The RACQ Foundation visits Yarrabah every few years to assist the community by maintaining and restoring areas that need attention. During their recent visit, they completed several important projects. At Bishop Malcolm Park, they restored the stage and painted a vibrant mural on the wall, with the help of local children who thoroughly enjoyed taking part. At the Elders' Hub, they planted greenery and assisted with the finishing touches, creating a welcoming and relaxing space.

32. They also ran sewing classes at the Community Hall and Museum, giving participants the opportunity to learn new skills in a friendly environment. On their final day in Yarrabah, the RACQ Foundation hosted a community celebration at the Museum, featuring a BBQ, live music, and opportunities for community members to connect, celebrate, and enjoy the day together.

7. WORKPLACE HEALTH AND SAFETY

38. Safety Induction

The Council Online Safety Induction has been updated to feature Council employees as models, making it more relevant as a Yarrabah Council induction.

39. The three employees featured are the WH&SO Officer and two administration staff members from the Works Department Office front reception. The updated Online Safety Induction should be ready in the coming weeks.

40. LGW Audit

Work is ongoing to address the findings from the 2024 Audit. This is a steady process that will take some time to complete, ensuring all requirements and auditor recommendations are met for compliance.

41. The WH&SO Officer attended the LGMS Conference on 29–30 July 2025 in Cairns. The conference included presentations on topics such as psychosocial risks, risks in water operations, people and safety leadership, risk management, national tool audits and findings, council safety case studies, and injury management. The event was valuable for networking with other safety personnel from Shire Councils and discussing shared challenges.

Safety Committee

The Safety Committee meeting was held on Tuesday 15 July at 10:00am in the HR Training Room. There was a strong response from staff representatives from all Council departments.

Incidents and Hazards

No incidents were reported by in July, indicating that staff are working safely in their roles.

One hazard was reported: a drain cover had been removed and thrown into the drain pit. The cover was retrieved and replaced.

The Yarrabah Arts Centre also raised a safety concern regarding the gas gauges for the pottery kilns, which were found non-compliant by the supplier. A work order was raised, and a plumber was engaged to make the equipment safe to use again.

Security

The Security Team continues to work hard to minimise break-ins and damage to Council property, including moving youth away from Council buildings. They also patrol the Mutkin Age Care facilities at night to ensure the safety of residents and supporting the Emergency Department bus service used by nurses and hospital staff.

On 30 July, security logs reported that youth were planning to ambush the security team at Reeves Creek by lighting fires on the road. They also set fire to playground equipment in the area. In addition, children were removed from the Works Compound after being found hiding inside a storage shed.

Test and Tagging

All testing and tagging is up to date. The industrial areas are scheduled for testing next month when due.

Yarrabah Council Spot Checks – Vehicles / Machinery and Safety Documentation

7.5 BUILDING SERVICES**File Number:** 05.MFD_OM.20250828**Author:** Wayne Douglas, Director Building Services**PURPOSE OF THE REPORT**

To report to Council the status/activities of Building Services areas for the months of July 2025 to August 2025.

FOCUS AREAS**The focus for the Building Services Department over this period:**

- The upcoming financial year upgrade program was expected to be underway by now but there seems to be delays in getting the tenders to council. We have had much to say about the delays as there could be financial repercussions for council's bottom line.
- YASC are still on restricted work orders and have been since March. Many repairs & maintenance requests are still on hold which is proving to be very frustrating for council and no doubt the Yarrabah community. We are pushing the relevant bodies hard to bring the maintenance stream back to normal. Hopefully this will be resolved in the very near future.
- Ongoing - Designing the internal work orders and purchase orders to contractors section in the software is now underway. This may be ongoing for a few months but once implemented it will assist us to better manage council facilities work as well as external works.
- Ongoing - Compiling a list of contractors with contact details for owners to access for private works. There is a requirement for this to happen as property owners have much trouble finding a contractor who will commit to coming over the range to do any work.

R&M Roundup

We are encouraging tenants to keep reporting maintenance to QBuild MRC by ringing the hotline. We cannot fix issues if they are not reported. If tenants are having trouble reporting required maintenance then our team is here to assist.

Current status on raising work orders remains as per the following: All QBuild considered urgent requests are being raised with all other requests being “banked” until QBuild has the green light from the Department of Housing. This is posing a bit of a problem for council as tenants are believing the work orders are raised for council action when they have not. The question marks in the bottom 2 cells are unknown as council did not receive aged reports during May/June/July.

Healthy Housing round 2 status:

Initial inspections are still on hold with still 54% of these inspections completed. There are still 41 properties sitting at 100% completed. Current data shows we are 94% through 54% of the program.

The teams have been conducting HLP visits with tenants to continue the good work of community engagement. Unofficially, the Department of Housing have committed to this program now until end of June 2026. Considering council has not seen any movement in this area for 4 months it is difficult to gauge the volume of work coming our way in the near future.

7.6 TENDER REVIEW - YASC TRADES & SERVICES

File Number: 06.MFD_SM.20240828

Author: Michael Geoghegan, Project Contractor

PURPOSE OF THE REPORT

To seek Council resolution to endorse the establishment of a Preferred Supplier Arrangement (PSA) through the creation of a prequalified list of suppliers for:

- YASC 2025-001 Trades and Services
- YASC 2025-002 Occasional Plant Hire & Quarry Materials

BACKGROUND

Yarrabah Aboriginal Shire Council (YASC) issued public tenders to establish prequalified supplier panels under the following arrangements:

- **YASC 2025-001 Trades and Services** – to support Council operations across a broad range of maintenance and project delivery activities.
- **YASC 2025-002 Occasional Plant Hire & Quarry Materials** – to provide access to plant, equipment, and quarry materials on an as-needed basis.

Tender submissions were received, evaluated against published criteria, and recommendations have been made for inclusion in a prequalified list of suppliers.

The process has been undertaken in compliance with Council's Procurement Policy and legislative requirements.

COMMENT

The evaluation process has:

- been conducted in accordance with the Local Government Regulation 2012 requirements for Preferred Supplier Arrangements;
- applied transparent and equitable assessment against the published tender evaluation criteria;
- identified a recommended panel of prequalified suppliers for both arrangements.

Endorsing the recommended supplier lists will enable Council to efficiently procure trades, services, plant hire, and materials to deliver community outcomes, whilst ensuring compliance and best value.

CONSULTATION

Internal consultation with Council's Executive Team and relevant operational staff has been undertaken throughout the tender and evaluation process.

ATTACHMENTS

1. **YASC 2025-001 Trades and Services (under separate cover)**
2. **YASC 2025-002 Occasional Plant Hire & Quarry Materials (under separate cover)**

RECOMMENDATION

That Council resolve to endorse the establishment of Preferred Supplier Arrangements for:

1. **YASC 2025-001 Trades and Services**, and
2. **YASC 2025-002 Occasional Plant Hire & Quarry Materials**,

and adopt the recommended prequalified supplier lists as evaluated and provided in the attached reports.

Further, to support local business opportunities, Council may, at its discretion, accept late tender responses from local trades or businesses located within the Yarrabah LGA only.

- Tender documentation will remain available on Council's website, and
- Local businesses may submit responses to procurement@yarrabah.qld.gov.au for consideration.

8 CORRESPONDENCE**8.1 SPONSORSHIP – YARRABAH SEAHAWKS WOMEN'S TEAM - COMMUNITY BARBECUE**

File Number: 07.COR_OM.20250828

Author: Mark Kelleher, Interim Chief Executive Officer

PURPOSE OF THE REPORT

To seek formal endorsement by Council for sponsorship for a Community Barbecue conducted by Yarrabah Seahawks Women's Team.

BACKGROUND

1. On 7th August 2025 a request by way of email correspondence was received from Yarrabah Seahawks Women's team requesting sponsorship to conduct a community barbecue in recognition of the team reaching the FNQRL Grand Final.
2. In conversations with the CEO, it was determined this event was proposed to occur on Friday 8th August 2025 or following the match on Saturday 9th August 2025.
3. The Mayor and Councillor Sands had spoken to the CEO, confirming their support for this request.

COMMENT

In view of the very short time period from request to event, and support provided by the Mayor and Councillor Sands the CEO acted accordingly and the sponsorship amount of \$1,000.00 was provided.

The level of assistance available through the Council's Community Grants Policy is limited by Council's budget decisions and its strategic priorities.

Only one entitlement shall be considered in the financial year per individual, team or organisation that apply to the Council prior to the event for assistance and meet these criteria.

The Policy provides that community grants are capped at \$1,000.00 per year per organisation.

Formal endorsement by resolution is now sought to support action taken.

POLICY/FUNDING CONSIDERATIONS

RECOMMENDATION

That Council:-

1. Note the correspondence tabled as read.
2. Endorse the actions taken by the CEO with regards to this matter.
